## Susie's Ghost

★1

1.044 Popularity

Susie's Ghost is about the mystery of the marks we make and leave behind. The “Susie” in the title refers more generally to lingering feelings of loss. The cinematography and performance both express a sense of disappearance. Is she looking for something? Is she really there? We shot with aging 16mm film in a neighborhood, just before construction mania obliterated the last traces of the manufacturing district.

Nothing is Left to Tell is the title of both a film and social experiment. In the summer of 2010, Almborg of varying ages and backgrounds traveled to a small, uninhabited island off the coast of Sweden. They build a wooden structure without plans or blueprints and while on the island they would not communicate in any language. Three individuals in the group were responsible for documenting the process, however, they had no rules: they could film no more than 30 minutes of activity per day. The resulting film explores the limits between communication and community.
